# Provide the Requested Information

The address you provide needs to be your **Residence** address -- where you are registered to vote. Your residence address determines which ballot you will receive. You may provide a different mailing address if necessary.

Be sure to include in the message of the email a note that the image is being provided to go with an advance ballot application submitted through KSVotes.

# Check the Completed Application

The information you provide through the KSVotes.org website will be typed into the appropriate places in the application in blue so you can easily check it. If you applied for both ballots – Primary and General – check both applications.
