Other Helpful Hints

AUDIO

- If you are using your computer, join with computer audio.
- If the computer audio doesn't work, you can call in with your phone. (But make sure your computer volume is off or you will get an echo.)
- You can download the Zoom app on your phone or just dial in for audio. Once you join, you will be automatically muted- please keep yourself muted!
- When and if you have a question, we have a "raise your hand" function and the moderator will control your audio. Details below.

GETTING STARTED

Once you are in Zoom you will see a toolbar at the bottom. The tool bar has a number of features, but for purposes of our call, note "Participants" and "Chat":

- **PARTICIPANTS**

- **The participants tab will allow you to "raise your hand"** when you would like to participate in the interactive pieces. If you raise your hand, the moderator will see that on their end, then they will unmute you to ask your question, and mute you when you are finished. Please do not unmute yourself; this process will allow for a more seamless transition.

CHAT

- The chat will allow you to participate in the conversation, introduce yourself and meet other participants. We will also use the chat feature to pass along resources and articles that we reference.

GUIDELINES

- Please keep your audio MUTED at all times.
- We ask that you “Raise your Hand” to make a comment and wait until the chair recognizes you.
- You will be prompted by the co-chairs to “Raise your Hand” to vote, also. Please listen to the co-chairs’ instructions when the time comes.
- We encourage you to use the chat box to ask questions.
