

LWVK 2024 Election Study Concurrence Questions

Possible questions for consideration during your local league concurrence meetings are suggested by the study committee below.

Electoral College

- What are some problems with the Electoral College that would be solved by electing the President with the popular vote?

Election Methods

- Have you ever had to vote strategically in an election?
- Imagine that the Kansas legislature was elected with a proportional election method instead of plurality. How would that change things?
- At the moment, the draft position does not endorse a specific election method to replace plurality. Should it? If so, which one?

Election Administration

- What are some barriers to voting in Kansas that other states do not have?
- Are there any barriers to voting in your county that do not exist in other counties?
- Are there any policies related to voting rights that are not specifically listed in the draft position that you feel should be included?
